OUR MISSION

Our mission is to promote health and wellness by offering Iran's highest quality and freshest dates. We are committed to delivering exceptional products and services to our customers while ensuring that our business practices are sustainable and ethical.

OUR VISION

Our vision is to be recognized as a date industry leader known for our commitment to health, quality, and customer experience. We aim to expand our reach and provide customers worldwide access to our products while maintaining our commitment to sustainability and ethical business practices.

FACTORY CAPABILITIES

Our advanced facilities are strategically located in the fertile southern provinces of Iran and are managed by Naderano. Equipped with state-of-the-art technology and staffed by skilled workers, our factories ensure high-quality production.

We begin our process by carefully collecting fresh dates, then proceed to thorough washing, precise sorting, and custom packaging tailored to our customers' needs. It's important to note that we are committed to consistently delivering high-quality products, ensuring food safety, and promoting secure international trade to meet and exceed our customers' expectations.

MANAGING DIRECTOR MESSAGE

At Naderano, we are driven by innovation and excellence. As Managing Director, I'm honored to lead a team dedicated to exceeding your expectations. Your trust in us fuels our commitment. Our journey is one of growth and sustainability. We prioritize responsible practices that benefit our industry and the planet. The future excites us, and with your support, we'll continue to lead in innovation and success.

My gratitude goes to our exceptional team, loyal customers, and trusted partners. Together, we shape a brighter tomorrow. Thank you for choosing Naderano.

SAYER DATES

Texture:	Semi Dry
Aria of cultivation:	Shadegan City
Transport:	Dry Container
Shape:	Oval
Humidity:	Less than 17%
Color:	Brown to Dark Brown

Sayer Dates, also known as Sair, Stamaran, or Samaran, are the second most exported dates from Iran. They are the primary variety used for making syrup and date paste in European industries. Alongside the renowned Iranian Piarom (Maryami) dates, Sayer dates are considered among the most prestigious and luxurious dates harvested from palm trees.

DATE SYRUP

Origin:	Iran
Color:	Dark Brown
Shelf-life:	24 Months
Transport:	Dry Container
Packaging:	Consumer & Bulk
Ingredients:	Dates & Drinkable Water

In the thriving natural sweetener market, date syrup, a rich, caramel-like syrup made from concentrated dates, stands out for its flavor and nutrition. At Naderano, we source top-quality dates and use advanced processing to ensure excellence. Naderano produces premium date syrup in bulk and specialty packages, blending tradition with innovation to enhance culinary experiences globally.

DATE PASTE

Origin:	Iran
Color:	Light Brown to Dark Brown
Shelf-life:	24 Months
Transport:	Dry Container
Packaging:	Consumer & Bulk
Ingredients:	100% Dates

Date paste is a healthy sugar substitute. Naderano Date Paste, made from 100% pure dates, offers an authentic date flavor and aroma, using only high-quality dates. Available in both dark and light colors, our paste is determined by the type of dates and specific production conditions. Naderano Date Paste is made from various date varieties, including Shahani, Zahedi, Khanezi, and Piarom, depending on market availability.

DATE POWDER

Origin:	Iran
Color:	Light Brown
Shelf-life:	12 Months
Transport:	Dry Container
Packaging:	Consumer & Bulk
Ingredients:	100% Dates

Date powder, made by drying and grinding dates, is a natural sweetener rich in minerals and vitamins. Naderano Foods produces high-quality date powder that sweetens tea, coffee, and serves as a versatile sugar substitute in chocolates, candies, pastries, ice cream, breads, canned foods, and various beverages. Our date powder not only enhances flavor but also adds nutritional value, making it an ideal choice for health-conscious consumers and food manufacturers alike.

PIAROM (MARYAMI)

Piarom dates, also known as Maryami dates, are renowned worldwide for their distinctive dark brown color and thin, wrinkled skin that clings to the rich flesh. Grown primarily in Hormozgan province, particularly in HajiAbad, these semi-dry dates have a moisture content of less than 15%, offering a satisfyingly chewy texture. Importers will find Piarom dates an exceptional choice, thanks to their unique flavor and high quality, perfect for meeting consumer demand.

- Texture: Semi Dry
- Area of cultivation: Hormozgan
- Transport: Dry Container
- Shape: Long and Elongated
- Humidity: Less than 15%
- Color: Light to Dark Brown

RABBI

Rabbi dates, also known as Pakistani dates, are a type of soft, semi-dried date highly sought after in both domestic and international markets. Cultivated primarily in Iran's Sistan-va-Baluchestan province, these dates are prized for their natural sweetness. They offer importers a valuable addition known for their quality and distinct flavor profile.

- Texture: Semi Dry
- Area of cultivation: Sistan-va-Baluchestan
- Transport: Dry Container
- Shape: Long and Elongated
- Humidity: Less than 15%
- Color: Dark Brown or Reddish Dark Brown

ZAHEDI (KHASAB)

Zahedi dates, also known as Khasab, are the third most exported dates from Iran, reaching markets worldwide. This unique date comes in two varieties: one with a relatively hard texture and golden color, and another with a softer texture and darker color, depending on the cultivation area.

- Texture: Semi dry
- Area of cultivation: Fars - Khuzestan - Bushehr
- Transport: Dry container
- Shape: Oval
- Humidity: Less than 14%
- Color: Yellowish light brown

CHOPPED DATES

Crafted from the finest Sayer dates, our premium chopped dates bring natural sweetness and rich flavor to your products. Ideal for baking, snacking, or enhancing various dishes, Naderano Foods' chopped dates are perfect for importers seeking to elevate their culinary offerings with high-quality, flavorful ingredients.
